PROFESSIONAL SUMMARY

Versatile professional with experience across assurance, business analysis, project management, customer service, and graphic design. Adept at analyzing processes, coordinating teams, and delivering high-quality results in fast-paced environments. Skilled in stakeholder communication, problem-solving, and process improvement, with a proven ability to adapt to diverse roles and projects.

Recognized for combining technical, analytical, and creative skills to contribute to organizational goals, improve workflows, and support successful project delivery

TOOLS & TECHNOLOGIES

- Jira
- Xray Test Management
- Agile / Scrum Boards
- Bug Tracking Systems
- Test Documentation Tools
- Microsoft Office Suite (Word, Excel, PowerPoint)
- Google Workspace (Docs, Sheets, Slides)
- Graphic Design Tools (Adobe Photoshop, Illustrator – from Graphic Artist experience)
- Visual Studio
- Visual Studio Code
- MySQL
- MongoDB

SKILLS

- Functional Testing
- Regression Testing
- Smoke Testing
- User Acceptance Testing (UAT)
- Test Case Design
- Test Scenario Creation
- Test Execution
- Defect Tracking and Reporting
- Regression Test Suite Maintenance
- Requirements Analysis
- Business Process Analysis
- Acceptance Criteria Validation
- Stakeholder Communication
- Cross-functional Collaboration
- Process Improvement
- Root Cause Analysis
- Quality Evaluation
- Customer Experience Analysis
- Agile / Scrum Methodology
- Test Documentation

- Bug Tracking
- Problem Solving
- Attention to Detail
- Technical Documentation
- Performance Monitoring
- Visual Design
- Digital Graphics Creation
- Branding and Marketing Materials
- Layout Design
- Experience using Jira
- Experience using Xray Test Management

WORK EXPERIENCES

2025-2026

Quality Engineer

Concentrix

- Perform functional, regression, and smoke testing to validate system functionality before production releases.
- Create and maintain test cases and test scenarios in Jira using Xray to ensure coverage of business requirements.
- Identify, document, and track software defects, collaborating with developers to verify fixes and confirm resolution.
- Participate in Agile sprint testing, validating features against acceptance criteria.
- Maintain and enhance the regression test suite by adding scenarios discovered during testing.
- Work closely with developers, product owners, and stakeholders to improve software quality and release stability.

2021-2025

Business Analyst/Product Manager

Concentrix

- Gathered and documented business and functional requirements to support development initiatives.
- Coordinated between business stakeholders, development teams, and QA to ensure clear understanding of project requirements.
- Assisted in planning project timelines, tracking deliverables, and monitoring progress.
- Supported UAT preparation and validation of new features prior to release.

2020-2021

User Acceptance Testing

Concentrix

- Executed User Acceptance Testing (UAT) to validate that system features met business requirements and user expectations.
- Reviewed functional requirements and test scenarios to ensure proper coverage of real-world use cases.
- Documented issues and discrepancies and reported them to QA and development teams for resolution.
- Worked with business stakeholders to confirm system readiness before deployment to production.
- Verified that implemented features aligned with business workflows and operational needs.

2017-2020**Quality Evaluator**

Concentrix

- Evaluated customer service interactions to ensure compliance with company standards and quality metrics.
- Provided feedback and coaching recommendations to improve agent performance and service quality.
- Identified recurring issues and suggested process improvements to enhance operational efficiency.
- Prepared quality reports and performance summaries for management review.

2014-2017**Customer Service Representative**

Concentrix

- Assisted customers through phone with account, product, and service inquiries.
- Maintained strong customer satisfaction and service quality through timely issue resolution.
- Documented customer concerns and escalated complex cases to appropriate departments.

EDUCATION**Bachelor of Science in Computer Studies**

Our Lady of Fatima University

Valenzuela City

3rd year

Associate in Computer Technology

AMA Computer Learning Center

Meycauayan, Bulacan

1st year
